AVID is an academic support program implemented through a regularly scheduled elective class that prepares students in the academic middle, typically from low income or underserved groups, for four-year college eligibility. Writing, inquiry, collaboration and reading form the basis of the AVID curriculum and give students the skills they need to succeed in rigorous courses. The Region V AVID Program provides professional development, onsite teacher coaching and technical assistance to AVID middle and high schools.

Walden West is a residential outdoor science school for fifth- and sixth-graders from throughout Santa Clara County. Students, accompanied by classroom teachers, live and learn in an outdoor environment for a week. Our program is operated on the premise that students learn through hands-on activities in which the educational and living processes merge. Lessons in science, ecology and the environment are brought to life.

ROP provides quality career preparation and skill training for adults, out-of-school youth and high school students who are 16 years of age or older. ROP courses provide students with the skills they need to compete in today's technical job market. Those skills enable students to attain jobs, upgrade their skills and/or pursue post secondary education in their chosen occupation.
